Benches

NEW SIZES!

High quality benches don't have to cost the Earth!

When you buy from us, you are buying directly from the importer - and if you've ever visited us, you know that you aren't paying for marble showrooms and nail-polishing receptionists. Result: great benches at great prices.

304 Grade: All our benches are made from this industry standard stainless steel grade. It is highly resistant to corrosion. We use 1.2mm thick stainless steel which is 20% thicker than some benches on the market.

Adjustable Shelf: Each bench comes with a high-quality 1.5mm galvanised undershelf - this thickness is vital to stability - fully adjustable up and down the length of the legs. The feet screw out to give you an extra 14mm height.

All Stainless: Yes, we have benches that are all stainless i.e the undershelf and legs are fully stainless steel. See Page 3 for details.

Splashback & Corner Units: We have a full range of 150mm x 40mm splashback benches in sizes from 400mm to 2400mm -- all 700mm deep to fit the sink profiles. The corner unit completes the modular approach! Narrow splashbacks are now available.

Castors: Yes, high quality heavy-duty castors are available for all the benches. We remanufacture the leg too - so the castors screw in firmly - this is much stronger. Each set has 4 lockable castors, \$140.00 per set.

Flatpack: Benches flatpack for ease-of-handling and to lower freight costs. Takes about 15 mins to erect a bench with the supplied allen-key & screws.

New Products

NEW STUFF!

Narrow Splashback

We did a special order for a large hotel kitchen of narrow splashback benches and they looked so good we decided to incorporate them into the range. Splashback is 50mm high x 40mm deep. Total bench depth is 450mm. Same structure as other benches including undershelf.

Code	Width (mm)	Length (mm)	Height (mm)	PRICE*
6045SP	450	600	900	\$310
9045SP	450	900	900	\$360

1800mm x 700mm
Single Bowl: 450mm x 400mm

**Sink - Code: SS-N**

Solid Standalone.
665mm x 700mm

Why are commercial sinks so expensive?

We have absolutely no idea!

Construction: Our sinks are all stainless steel. The legs are stainless, the bowls are stainless, the screws are stainless. Very sturdy.

Bowls: All 300mm deep and mostly 500mm long by 450mm wide -- some variations.

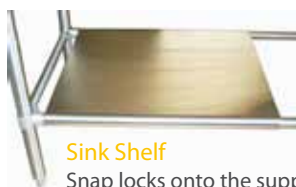

Tap Location: Wherever you like. There is room on the splashback, behind and between the sinks.

Splashback: Each sink has a 150mm high x 40mm deep splashback. 300mm splashbacks are available from our Brisbane/Gold Coast branch.

Delivery: Please ring for an accurate freight quote or pick up.

Wall Mounted Handbasin

Cabinets - Indoor and Alfresco

The cabinet range is fully modular. We can fit almost any space and we can go around corners.

We've been stamped in the rush to get hold of our new cabinet range. And why not?

They're terrific for those who need a solid workspace with loads of storage (eg commercial or domestic kitchens) - or they are great for an alfresco kitchen. Mechanical workshops love them!

Construction: All cabinets are fully assembled. The tops have a reinforced lining. Standard cabinets have drawers on super-smooth runners with attractive handles. Sliding doors reveal an adjustable internal shelf.

Indoor Grade: 304 grade top/ 430 grade remainder. If you have a largely covered area, then the indoor grade cabinets are for you. The top is food-grade 304 stainless steel, the sides and internals are 430 grade.

The Result: a cost-effective, food-grade standard cabinet able to withstand most conditions. Suitable for covered alfresco areas out of the elements.

Outdoor Grade: 304 grade everything. If you're in a more weather-prone area, these cabinets are the wise way to go. But more expensive - sorry. Available by pre-order only

Custom Made: If you're after a cabinet of a particular size, then give us a call. Diageo, Fosters and Yamaha dealers are some of our recent customers. As long as you give us 12 weeks lead time, we can certainly help and we'll save you about 40%.

Castors or Feet: Cabinets can be fitted with braked castors or with adjustable feet. They are attached by a thick steel plate with 4 bolts. Bloody strong.

Cabinet Range The cabinet range is fully modular. We can fill almost any space and we can go around corners - just not quite as fast as 3 year-old Tom on his trike.

Cabinet - Code: CAB1800
On Castors. 3 Drawers. 2 Sliding Doors. 1 Internal Shelf.

Drawer Detail
Attractive Handles. Strong smooth runner. Plenty of room.

Cabsink
A fully integrated sink to help wash up the outdoor feast.

Confused?
Our friendly staff are here to help.
Call us today!

Questions ?

Why are you so much cheaper than your competitors?

Seriously, we are asked this question all the time. The answer: we directly import from an enormous Chinese manufacturer. We sell direct to the customer. No distributors. No middlemen. Also, we keep overheads down -- no marble foyers, no fancypants administrative assistants, no sales reps in flash cars with nothing to do. We price the products accordingly.

Can you make up a bench to a specific size?

No, we don't manufacture to size unless you have quite a large job. But give us a call - if we can't help we should be able to refer you to someone who can.

Do you have everything in stock?

Yes, almost always. We reckon we have the largest stock of modular stainless steel products in the country. However, sometimes we get fooled by spikes in demand (this is a fancy way of saying that we either made a mistake or a customer ran us out of something). But we re-order quickly and can still get products to you faster than most local fabricators -- and loads cheaper of course.

Can you deliver? Can I pick up? How much to freight it?

We deliver coast-to-coast around New Zealand from our warehouse in Auckland -- but of course you are welcome to pickup or use your own courier. Give us a call and we can give you an accurate price to get your stainless to you quickly and without fuss.

Other questions?

Please call, we are happy to help.

Brayco

A bit about us...

Our Factory

Our factory is massive - it covers over 6000 square metres and is staffed by hundreds of friendly, skilled metalworkers who manufacture our products to our tight specifications. It's not a tin shed with grubby misfits hammering out sub-standard, rickety rubbish from crappy metals. That's how we can supply thousands of Australian and New Zealand customers quickly, efficiently and at unbelievably low prices.

One of the 4 production areas in our factory. We can produce 32,000 benches a month. How many do you need?

IDEAS??

If you've got an idea for a new product we can get it drawn up and costed in days.
Call us today!

Testimonials

"Chrissy, thank you for your great service and great product."

Peter Poulos, Skippy's Restaurant, Samoa

"Thanks very much for your great help and excellent service. It has been absolutely wonderful! We will tell everyone we know."

David & Pauline, Macs Oil & Gas Services, Matamata

A talented pastry chef goes for Gold at the National Bakeskill Competition. Our benches take a hammering at this event every year.

One of the classrooms at Academia International, a world-class cooking school based in Melbourne.

"I'm extremely impressed with the equipment quality, packaging, speed of delivery, ease-of-build and adjustable feet!"

Robert Stillion, Mt Richmond Estate, Marlborough

"The bench is great and so easy to put together! Solved our storage space really well. Thankyou."

George, Zest Cafe, Taupo

"I know you are normally only contacted when there is a problem so I wanted to take the time to say a huge thank you for the professionalism that you have shown through my purchase. Your staff have been fabulous, so helpful and knowledgeable, the delivery was quick and got here exactly when it was promised - and trust me, this is rare! In setting up my deli and foodstore, I have been dealing with hundreds of suppliers and by far Brayco have been the most delightful to deal with."

Chrissy McTaggart, Ladle Food Store
